

Approach Centreline and Crossbar Elevated Light/High Intensity/ Unidirectional

Runway End/ Elevated Light/ High Intensity/ Unidirectional

Approach Flash Light Inset Light/ High Intensity/ Unidirectional

Approach Centreline and Crossbar Inset Light/High Intensity/ Unidirectional

Threshold Elevated/ Inset Light/ High Intensity/ Unidirectional

Runway Centre Line Inset Light/High Intensity/ Uni- and Bidirectional

Runway Edge/ Elevated/ Inset Light/ High and Medium Intensity/ Bidirectional, Omnidirectional

Taxiway Edge Elevated/ Inset Light/ Low Intensity/ Omnidirectional

Taxiway Centreline/ Inset Light/ High Intensity/ Uni- and Bidirectional

Taxiway Stopbar/ Inset Light/ High Intensity/ Uni- and Bidirectional

Approach Path Indicator/ PAPI/ Elevated Light/ High and Medium Intensity

Touchdown Zone/ Inset Light/ High Intensity/ Unidirectional

Approach Siderow Barrette/ Elevated Light/ High Intensity/ Unidirectional

Runway End/ Inset Light/ High Intensity/ Unidirectional

Threshold/Runway End combination/ Inset Light/ High Intensity/ Bidirectional

Approach Flash Light/ Elevated Light/ High Intensity/ Unidirectional

Simple Approach

LMS 100 Loop Measurement System

Clearance Bar/Inset Light/ High Intensity/Unidirectional

Apron/Inset Light/ Medium Intensity/ Omnidirectional

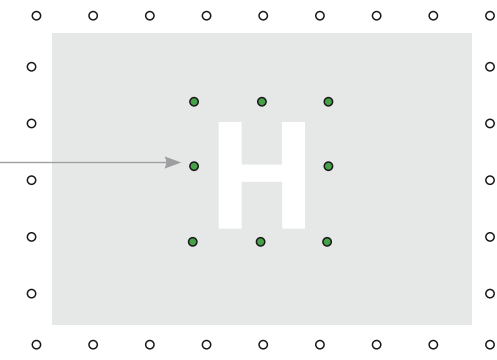

Runway Guard Light/ Elevated Light/High Intensity/ Unidirectional

Simple Approach/Elevated Light/ High Intensity / Uni-, Bidirectional

Container

Touchdown and lift-off-area (TLOF)/Elevated Light/Inset Light/ Low Intensity/Omnidirectional

Heliport Approach/ FATO/ Elevated Light/Inset Light/ Medium Intensity/ Omnidirectional
